

## Tamarack Academy to Host Info Night

FOR IMMEDIATE RELEASE

Tamarack, Idaho (May 16, 2008) – The Tamarack Sport & Education Foundation (TSEF) announced today that it will host an informational session, Info Night, for Tamarack Academy on Wednesday, May 28, 2008 at 6:30PM at the Arling Center at Tamarack Resort.

Admission is free and is open to all students and parents who would like to explore educational opportunities at Tamarack Academy for the fall. School officials and faculty will discuss updated program offerings, admission requirements, tuition credits for local residents, scholarships, accreditation status, and sports programs, and they will lead a tour of the new school facility.

Bill Leaf, Head of School, said, “I am so proud of our kids and our young school. I look forward to sharing with the community the unique program at Tamarack Academy.”

Tamarack Academy is a private, full-time college preparatory academy for grades 6-12, offering direct-taught core coursework in Math, Science, English, and Social Studies, as well as in a variety of electives. In addition, Tamarack Academy offers an Independent Study program on a seasonal basis, along with a Homeschool Help program that allows students to take advantage of the academy part-time. Students at Tamarack Academy can also opt to participate in Team Tamarack, which offers both competitive and recreational sports programs.

Mr. Leaf continued, “At Tamarack Academy, our students don’t just absorb facts—they get their hands dirty. Whether in Science, English, Math, History, or Art, they participate in hands-on projects—both indoors and out—that reinforce what they are learning in the classroom.”

Those interested can learn more or register online at [www.tsef.org](http://www.tsef.org), or they can call the school at 208.325.1118.

### **About the Tamarack Sport and Education Foundation**

The mission of the Tamarack Sport and Education Foundation, Inc. (TSEF) is to provide youths the opportunity to excel athletically and academically, while developing critical life skills and creating special memories. As a nonprofit public charity, TSEF develops programs, scholarships, and a donation policy supporting deserving youths in Idaho. TSEF operates both Tamarack Academy (college prep for grades 6-12) and Team Tamarack (competitive and recreational sports programs). For more information on programs, sponsorship opportunities, or donations, please call 208.325.1118, email [info@tsef.org](mailto:info@tsef.org), or visit [www.tsef.org](http://www.tsef.org).
